RUN ON THE RUNWAY!

5K - Run / Walk - Hillsboro Airport - Join Us!

Because of YOU!

Students at Quatama Elementary and 5 other elementary schools were able to explore music and world cultures through traditional Korean Drumming. Thank you!

President's Message - Matt Brennan

As the school year comes to a close, I am filled with joy when I think about how tremendous this past year has been for HSF. From a record breaking Gala & Auction, to another great week

with our high school students during the annual phone-a-thon, friends of HSF like you, have continued to help us grow and increase the impact we have on the lives of local students.

I'm particularly proud to be able to announce that thanks to your support, the Hillsboro Schools Foundation is successfully wrapping up our 3 year - \$140,000.00 campaign to supply science materials to our elementary classrooms. When the district rolls out its new "Amplify Science" curriculum this coming fall, students will have the accompanying science

materials necessary for hands-on exploration and learning. Teachers are excited to be able to utilize these great materials and the kids are going to love them. Many, many, thanks to Intel, Genentech, Salesforce, BBF Technologies, Umpqua Bank, Epson Portland, Inc., and YOU!

There are many great things ahead for HSF- it truly is an exciting time!! I hope you have a fantastic summer and thank you for being such an incredible supporter of Hillsboro students!!

HSF is launching an Alumni Directory to continue building on alumni support for schools by connecting classmates, staff, and friends. Everyone who is interested in supporting Hillsboro schools is welcome to sign up for the directory. We believe that our alumni networks are not only graduates of our Hillsboro high schools but everyone who wants to keep in touch with the HSD community. The directory is managed by HSF and will be made available to the schools, and class reunion organizers. Look for more info soon.
