# *What makes supporting HSF so powerful?*

- With nearly \$6 million invested into the Hillsboro School District (HSD) since 2000, HSF has a proven track record of meaningful support.
- HSF has an unwavering commitment to supporting educators with annual innovative grants. \$75k was given in 2024, and over \$1.9 million has been awarded in 24 years.
- HSF annually funds after-school homework clubs at all four middle schools, helping at-risk students understand the curriculum and improve their proficiency levels.
- HSF has coordinated with HSD to bolster the district's Career-Technical Education programs with well over \$1 million in funding. HSF has provided CTE modules, equipment, and materials in our high schools, brought back middle school "shop", and funded career exploration materials and programming for all K-6 classrooms.
- You are supporting the 4th largest school district in the state, with over 18,800 students.
- HSD is one the most diverse districts in the state. There are over 90 different languages spoken, the majority of the student body is comprised of people of color, and roughly 30% are English Language Learners.

*HSF has done all of this and more to meet the needs of ALL our students. We strive to keep them engaged and learning, creating a skilled and prepared workforce for the jobs in our community.*

*Your partnership would lay a solid foundation and open doors for the students of the Hillsboro School District. Working together, we can give our students the tools and experiences they need to be successful in school and beyond!*
