

The Start

of our

Project

Students
inspect the
site

our garden club began to layout the Path and Plant Plan

Digging the path begins

Planting Day!

The path and plants begin to take shape.

Path is finished and planting begins to settle in

The meadow starts to grow!

The garden is just starting

Thank you so much for making this garden possible. Our students are excited to plant more native plants next year and to continue forward helping the garden into the future.

From all of RA Brown Middle School

THANK YOU!
